

GAM.org Score Posting – How-to Guide

This guide will give you step-by-step instructions on how to post a score from www.gam.org on your computer or laptop.

1. Open the internet browser on your computer/laptop.
2. Go to www.gam.org.
3. Log in to your personal GAM account.
 - a. In the upper right corner in “MEMBER LOG-IN”, type your username and password in the corresponding boxes, then click the blue button (see red box)

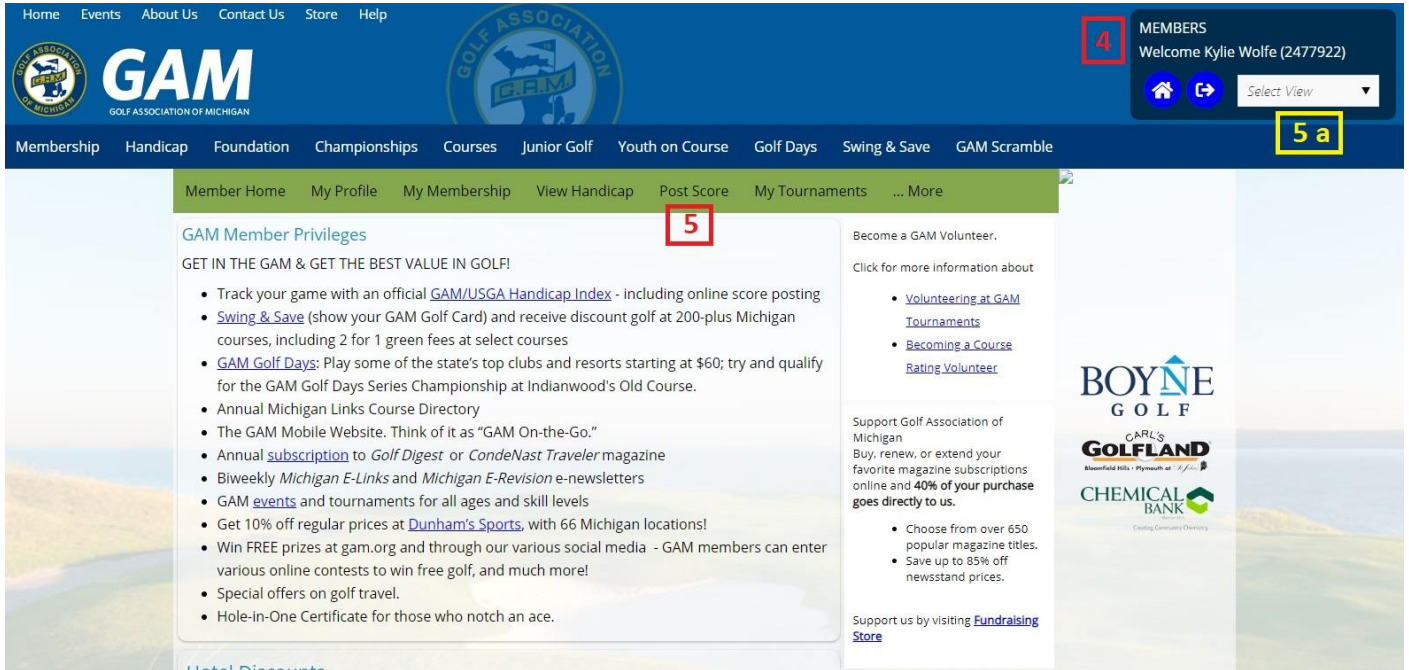

Please ensure that all of your score information (score type, number of holes, course, tee, score, and date) are all correct prior to submitting your score. You are not able to edit your score once it is posted. If you need a score edited/deleted, please contact the GAM at handicap@gam.org.

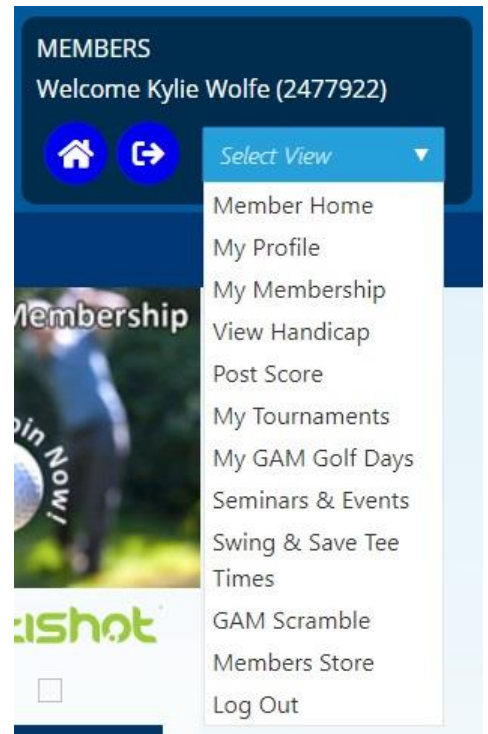

GAM.org Score Posting – How-to Guide

- Once you have logged in, you will see “Welcome (your name)” in the upper right corner – your GHIN number is in parentheses

- Click on the “Post Score” tab on the green menu bar (see #5 in the picture above).

- If you **DO NOT** see the “Post Score” tab as shown by the red number 5 above, click the “Select View” box (yellow box labeled “5 a”).
 - Once you click on the “Select View” box (see 5 a), a drop-down menu will appear, with one of the options being “Post Score” (see the picture to the right for a close-up of this drop-down menu).

Please ensure that all of your score information (score type, number of holes, course, tee, score, and date) are all correct prior to submitting your score. You are not able to edit your score once it is posted. If you need a score edited/deleted, please contact the GAM at handicap@gam.org.

GAM.org Score Posting – How-to Guide

6. Below is the “Post Score” home page.
7. Select the number of holes you played (18 holes or 9 holes).
8. Select the type of score: Home, Away, or Manual.
 - a. **Home:** a home score is a score from your home golf course.
 - i. Home score is the default – your tee options will appear on screen automatically, select the correct tees you played
 - b. **Favorite:** tees you have marked as your Favorite
 - c. **Recent:** course and tee you have recently played will automatically be shown
 - d. **Away:** an away score is a score from any golf course that is not your Home course.
 - e. **Manual:** you can post a score manually if the golf course you played is not in our system. You will need the Course Rating and Slope Rating of the tees you played. This is normally reserved for tournaments where a yardage used for play is not a normal tee for the course.

Please ensure that all of your score information (score type, number of holes, course, tee, score, and date) are all correct prior to submitting your score. You are not able to edit your score once it is posted. If you need a score edited/deleted, please contact the GAM at handicap@gam.org.

GAM.org Score Posting – How-to Guide

9. When posting an Away score, you will need to select or search for the following options:
- USA or Non-US
 - State
 - It is recommended that you bypass the “State” search box and use the “Club Name” box to search for the course you played.
 - Club Name
 - When searching for a course, it is better to type only a few letters of the course name. i.e. if you are searching for Eagle Eye Golf Club, just type “eagle” and click the Search button.

GAM.org Score Posting – How-to Guide

12. Enter the following information in the corresponding areas:

a. Your Adjusted Total Score (ESC).

- i. You will now see your ESC calculated for you automatically on this page (information in yellow box). Based on your current Handicap Index and the slope of the tees you played, we calculate your Course Handicap and your ESC.
- ii. You will still need to manually adjust your total score based on your ESC.
- iii. To see the ESC table, click on the blue “?” symbol (in the green box).
- iv. For more information on ESC, please click [HERE](#).

b. The Date you played (the date will default to today’s date).

c. Select if the round played was a tournament score or not.

13. Click the “Submit Score” button at the bottom of the page.

How To Convert Original Gross Scores To Adjusted Gross Scores

To arrive at an Adjusted Gross Score, you use the USGA's Equitable Stroke Control (ESC). ESC is used to downwardly adjust individual hole scores for handicapping purposes in order to create handicaps that better represent a golfer's playing ability. ESC imposes a maximum number of strokes that can be entered for any given hole. This maximum is based on the golfer's Course Handicap and is obtained from the table shown below.

Course Handicap	Maximum Score
9 Or less	double bogey
10 through 19	7
20 through 29	8
30 through 39	9
40 And above	10

Cancel Submit Score

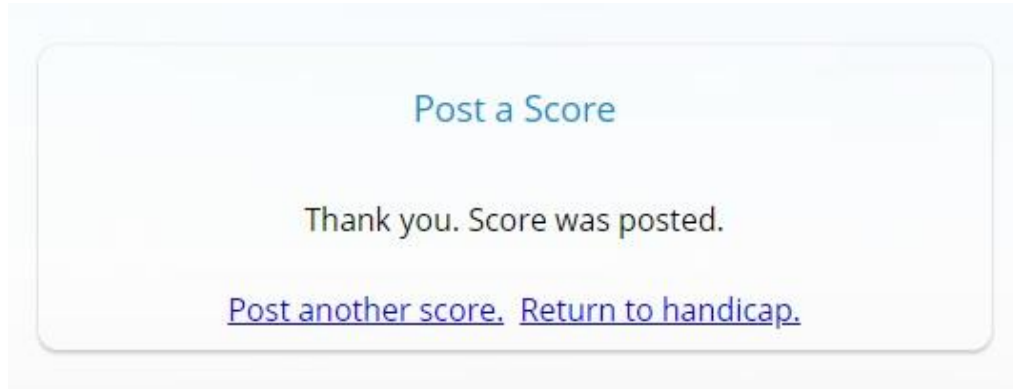

ESC is an adjustment of individual hole scores (for handicap purposes) in order to make handicaps more representative of a player's potential ability. ESC is applied after the round and is only used when the actual score or the most likely score exceeds a player's maximum number. ESC sets a limit to the number of strokes a player can take on a hole depending on Course Handicap™. Apply ESC to all scores, including tournament scores.

Please ensure that all of your score information (score type, number of holes, course, tee, score, and date) are all correct prior to submitting your score. You are not able to edit your score once it is posted. If you need a score edited/deleted, please contact the GAM at handicap@gam.org.
