

Investing in Golf's Future, Today!

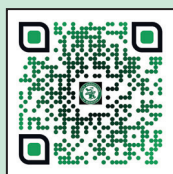

The GAM Foundation advances the Golf Association of Michigan's philanthropic mission by supporting programs that grow the game and remove barriers to participating. As the statewide operator of Youth on Course Michigan, we ensure juniors play affordable golf while sustaining the statewide public courses that welcome them.

Through our broader strategic initiatives, including expanding junior access, supporting community-based programs, and fostering pathways for competitive development, the GAM Foundation plays a key role in shaping golf's future in Michigan.

Your support fuels affordable access today and builds meaningful pathways for Michigan's golfers of tomorrow.

You can make a tax-deductible gift today by visiting:
